

CENTRAL OHIO NUMISMATIC ASSOCIATION

Box 1561, Dublin, OH 43017

July meeting

When: 7 p.m., July 18, 2012
Where: Oakstone Academy
900 Club Dr., Westerville
Topic: Exhibiting
Speaker: Tony Cass

June presentation

Daniel Boone, despite the lyrics to the 1960s TV show theme song, wasn't a big man. In a presentation on the early American patriot, Jeff Cranston said Boone was only 5 feet, 6 inches tall. And, he didn't have an Indian pal named Mingo, either.

Jeff said the 1934-38 Boone half dollar perpetuates a bit of fiction, too. It shows Boone wearing a coon-skin cap, when he never did.

July presentation

Tony Cass is going to speak on exhibiting. Even when I don't have any money to spend on the bourse floor, I come away a lot richer in knowledge by looking at the exhibits.

Picnic

The picnic will be at the Thompson Park, North Shelter (Same place as last year) from 1 to 5 p.m. Sunday, Aug. 12.

Raffle

Jeff Cranston picked up the Unc. version of the 2012 Star Spangled Banner dollar, giving him the matching coin to go with the proof version he won at May's raffle

50/50

Shirley B's name was drawn for the 50/50 drawing which stands at more than \$200. Since she was not at the meeting, the money rolls over to next month.

Chinese fakes in 1933

There's nothing new under the sun. This article appeared in the Lawrence Journal-World on. Mar 14, 1933

Private Mint in China Fakes Australian Coins

Sydney (AP)—Detectives are trying to locate a mint in China which is producing huge quantities of almost perfect counterfeits of Australian silver coins.

Three Chinese who were found with counterfeit coins have been deported, but anxiety has been increased by the fact that the police in giving evidence against them revealed the correct formula used in Australia's coins. With this knowledge the pirate mint can produce perfect money.

A dollar's worth of Australian coins can be made from 14 cents' worth of silver.
